GET TO KNOW US

Welcome to Kenton Admin Copy Print

tint suppliers in Eastern Cape. Whether you're looking for decorative, safety, privacy, automotive, or heat & UV reduction window film, we've got you covered. Our team is dedicated to providing high-quality window film solutions to meet your specific needs. Discover the perfect window film for your home, office, or vehicle today.

WHAT DO WE OFFER

Kenton Admin Copy Print supplies films that can be applied to a range of glass surfaces, including:

- Commercial or residential building windows: for UV/Heat protection
- Inside glass spaces: for bathrooms, office dividers, conference rooms etc. for privacy and/or decoration.
- Vehicles: for UV protection and/or anti-'smash and grab' safety or vehicle windows.
- Event spaces and interior decorating: for something unique enquire about our range of colourful or patterned options that can be removed and replaced.

We are the sole distributors of Solyx® films in Eastern Cape. Solyx® films are available in multitudes of different patterns and shades. Now any flat glass surface can be turned into a work of art, be it an office, restaurant, bathroom or bedroom. Our films diffuse light without appreciably cutting down the ambient light. As a result, any existing window can be converted to privacy glass in a multitude of attractive patterns.

Join the many industries already using Solyx® films on glass booths, room dividers, conference rooms, windows, doors, screens, and mirrors. We carefully curate our collections to ensure quality and versatility. Our films combine durability, affordability, and style—all while boosting safety and offering the perfect balance of privacy for any space!

We carefully curate our collections to ensure quality and versatility. Browse our product gallery and experience shopping with Tint and Film Warehouse firsthand.

Have questions, comments, or suggestions? Don't hesitate to contact us—we're here to help!

CLEAR FROST

F001

Clear Frost window film, perfect for adding privacy and style to any space. This high-grade embossed vinyl film replicates the appearance of a sandblasted look, creating a sleek and modern aesthetic. Not only does it obscure direct visibility, but it also maintains excellent light transmission, allowing natural light to filter through while still keeping your space private. Whether for residential or commercial use, our Clear Frost window film is the perfect solution for adding a touch of sophistication to any room. It offers a wide coverage area for windows, doors, and more.

Available in 152cm width,
Order the length (quantity) needed in number of running meters,

CLEAR WATERS

F002

Clear Waters is a translucent, colorless embossed vinyl film with a pattern that runs along the length of the roll. It is intended for vertical installation and creates the visual effect of ocean waves when installed horizontally. This film is well-suited for partially obscuring direct visibility while maintaining excellent light transmission.

Available in 152cm width,
Order the length (quantity) needed in number of running meters,

DUSTED ETCH

F003

Enhance any space with elegance and privacy using the Dusted Etch Window Film. This light grey film showcases a delicate dusted etch pattern, bringing sophistication to windows and glass surfaces. With a slight transparency, it allows light to filter through while preserving privacy. It is simple to install and can be applied to windows of various sizes, offering versatility for homes or offices. Whether you aim to embellish your windows or create a more secluded environment, our Dusted Etch Window Film is the ideal choice. Elevate your space with this chic and practical window treatment.

WHITE OUT

WO

This whiteout white opaque polyester film is designed to totally block visibility, making it the perfect solution for creating privacy in any space. With a width of 152cm, this high-quality film can easily be applied to windows, glass doors, and other surfaces to completely block out unwanted views. Whether you're looking to create a private office space or simply want to enhance the privacy of your home, white Out film is the ideal choice. Easy to install and durable, this opaque film provides a sleek, modern look while ensuring complete privacy.

Available in 152cm width,
Order the length (quantity) needed in number of running meters,

BLACK OUT

BO

Blackout - Black Opaque polyester film, Perfect for creating a blackout effect in any room, this film is ideal for blocking out light and ensuring privacy. It is important to note that it is not recommended for installation onto any glass units that are exposed to direct sunlight, as this may cause heat absorption and potentially lead to glass breakage. For optimal performance, this film is best suited for standard windows without direct sun exposure.

Available in 152cm width,
Order the length (quantity) needed in number of running meters,

44MM FROSTED SQUARES

S003

The 44mm Frosted Squares are separated by 10mm clear lines, creating a unique and distinctive look while still allowing for excellent light transmission. This film is ideal for obscuring direct visibility without sacrificing natural light, making it perfect for windows, glass doors, and office partitions. The high-quality frosted squares pattern adds a touch of elegance to any room, while providing the privacy and light control you need. Upgrade your space with our Frosted Squares and enjoy the perfect balance of style and functionality.

Available in 152cm width,
Order the length (quantity) needed in number of running meters,
Note: there may be some variance on the shade of the squares compared to the website images (slightly whiter/more sandblasted look) depending on the stock batch. For samples or further pictures please contact us.

STATIC CLING FILMS

STATIC CLING FILMS ARE NON-ADHESIVE WINDOW FILMS THAT STICK TO GLASS SURFACES USING STATIC ELECTRICITY INSTEAD OF GLUE OR ADHESIVES. THESE FILMS ARE EASY TO APPLY, REMOVE, AND REPOSITION, MAKING THEM A CONVENIENT AND REUSABLE OPTION FOR BOTH TEMPORARY AND LONG-TERM USE.

USES OF STATIC CLING FILMS:

PRIVACY ENHANCEMENT

- USED ON WINDOWS, GLASS DOORS, AND SHOWER ENCLOSURES TO PROVIDE PRIVACY WHILE STILL ALLOWING LIGHT TO PASS THROUGH.
- AVAILABLE IN FROSTED, PATTERNED, AND TINTED DESIGNS TO SUIT DIFFERENT PRIVACY NEEDS.

DECORATIVE PURPOSES

- ADDS STYLISH DESIGNS TO GLASS SURFACES, ENHANCING THE AESTHETIC APPEAL OF HOMES AND OFFICES.

TENANT-FRIENDLY & TEMPORARY SOLUTIONS

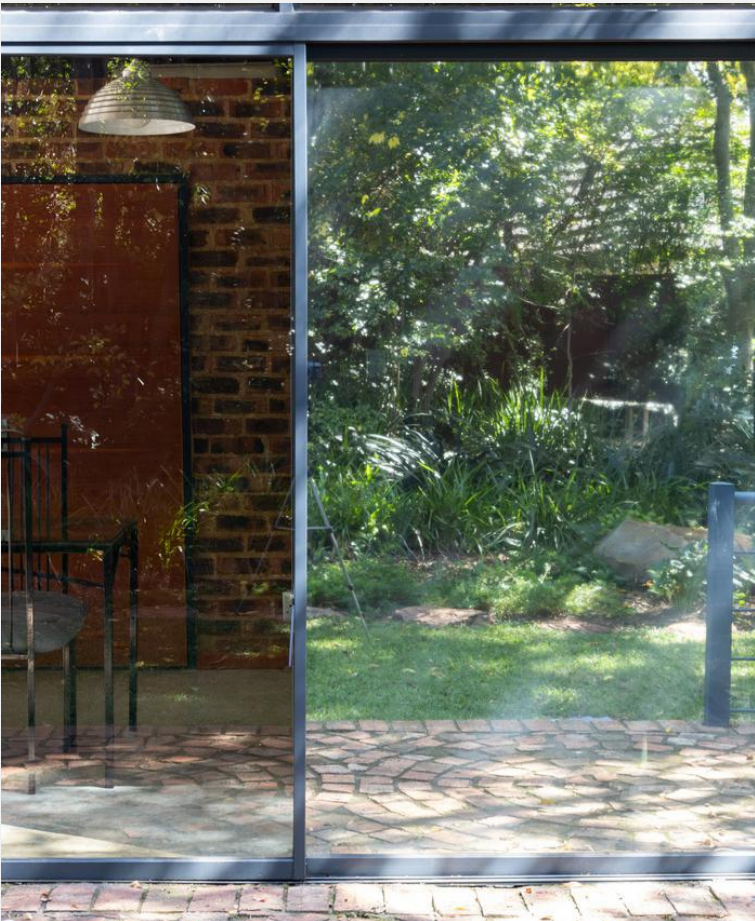

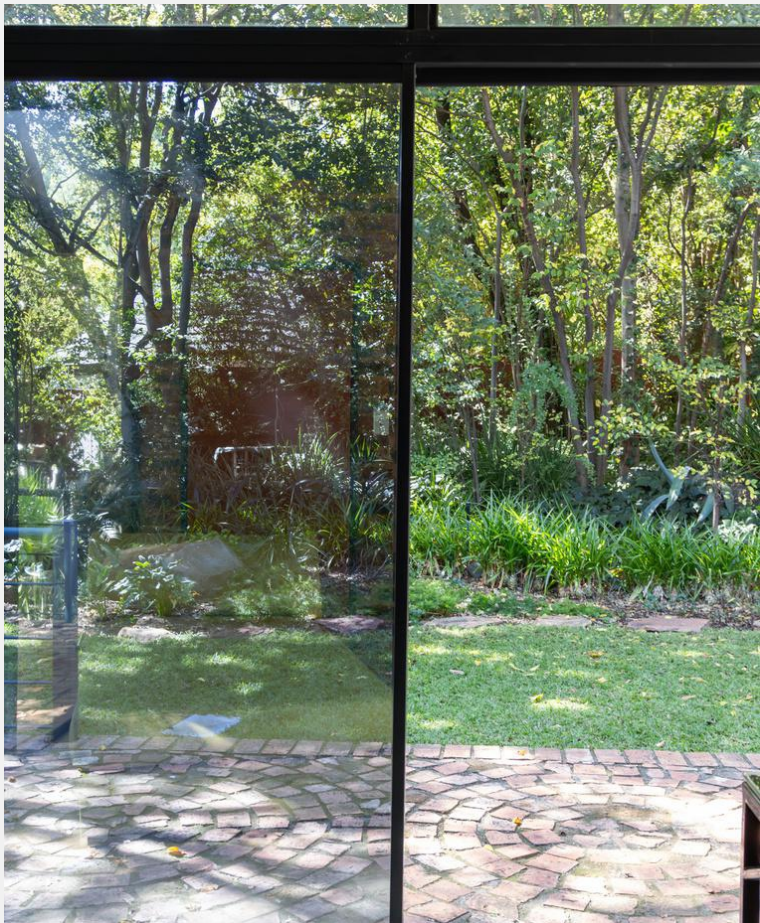

- IDEAL FOR RENTERS WHO NEED A NON-PERMANENT WINDOW COVERING SOLUTION.
- EASILY REMOVABLE AND REUSABLE WITHOUT LEAVING ANY RESIDUE OR DAMAGE.

DISPLAYS

- USED IN COMMERCIAL SETTINGS FOR TEMPORARY WINDOW DECORATION AND DISPLAYS.

STATIC CLING FILMS ARE AN EXCELLENT CHOICE FOR THOSE LOOKING FOR AN EASY-TO-USE, REMOVABLE, AND VERSATILE WINDOW FILM SOLUTION.

WHISPER NON ADHESIVE

SC010

Whisper a Beautiful frosted dandelion seed design, providing obscure privacy. Static cling, non-adhesive. Very easy to install! Removable and reusable! Perfect for kitchens, bathrooms, kid's rooms, living rooms - anywhere you'd like a whimsical touch that doubles as privacy.

Available in 90cm width,
Order the length (quantity) needed in number of running meters.

CRYSTAL CLEAR NON ADHESIVE

SC011

Crystal Clear Static Cling is designed for window decals, temporary product markings, point of purchase displays, and protective masking.

Appearance: Highly plasticized clear static cling may develop a surface haze. Usually the haze will dissipate after the decal is applied. Although clear static cling is exceptionally transparent, flow lines may be visible to varying degrees. A thorough evaluation of this product is recommended before production.

Available in 152cm width,
Order the length (quantity) needed in number of running meters,

BLACK NON ADHESIVE 5% VLT

SC0012

Dark Tint, Black – 5% Static Cling, Non adhesive privacy and glare control film. 5% Visible Light Transmission.

Maximum Daytime Privacy. Good for room darkening. Also great for automotive windows to protect infants from bright sunlight!

This film enhances daytime privacy without obstructing the view or natural light.
Fully Removable and Reusable.

Available in 90cm width,
Order the length (quantity) needed in number of running meters,
